The failure of any licensee to pay the recordkeeping fee and/or meet the biennial continuing education requirement will result in the lapse of his or her license on May 1, 2010. Resident producers may reinstate a license by providing documentation to the South Carolina Department of Insurance that the proper 24 hours of continuing education have been completed and submitted to Prometric, and submitting the recordkeeping fee if it has not been paid. The producer must also pay a \$50 penalty fee to the Department. Once the Department notifies Prometric that the penalty has been paid, Prometric will process the payment and apply the credits

Nonresidents may reinstate a license by submitting the recordkeeping fee to Prometric, if it has not been paid. The producer must also pay a \$50 penalty fee to the South Carolina Department of Insurance. Once the Department notifies Prometric that the penalty has been paid, Prometric will process the payment and do the home state status verification.

Proof of completing the necessary hours AND paying the recordkeeping fee must be received by Prometric, and the \$50 penalty fee must be received by the South Carolina Department of Insurance by 5:00 p.m. November 1, 2010. Nonresidents must pay the recordkeeping fee to Prometric and the \$50 penalty fee to the South Carolina Department of Insurance by 5:00 p.m. November 1, 2010. After that date, resident and nonresident producers whose licenses have lapsed will have their license and qualifications canceled. In order to regain licensure the resident producer will be required to pass the state licensing exam and meet all requirements to become re-licensed. Nonresident producers will be required to reapply for licensure.
