One Part Exams - Candidate Eligibility

- ❖ Candidates will continue to require an eligibility number to take the Maryland Insurance exams.
 - ❖ They will need that eligibility number to retake the exam as well.
- ❖ **Before October 13th**, education providers should include **BOTH** the old exam codes and the new exam code on the candidate eligibility upload.
 - ❖ All the same candidate demographics are required when uploading their eligibility number into the system.
 - ❖ You must continue to put a start and end date on the eligibility. The start date should be the day the candidate completed the course, and the **end date should be six months after that date.**
- ❖ **After October 13th**, what will change when you submit a candidate eligibility?
 - ❖ **Exam numbers** are different for each exam (LOA), you will need to use the updated exam code in the eligibility submission roster.
 - ❖ Prometric will remove all the old exams from a candidate's eligibility.

One Part Exam - Candidate Scenarios Prior to October 13th

❖ Candidates with active eligibilities who have not passed either part of the exam

- ❖ Prometric will be adding the new 1-part exam code to the active eligibility.
- ❖ Education providers will submit eligibilities for both the 2-part and 1-part exams in September for candidates who pass their course.
- ❖ There will be candidate reminders on our website www.prometric.com/maryland/insurance

❖ Candidates that have only passed one part of the 2-part exam

- ❖ These candidates MUST take the new 1-part Maryland Insurance exam in order to apply for a license.
- ❖ Prometric will create an eligibility for these candidates (it will be the same as the original eligibility number).
- ❖ If a candidate did not have an eligibility number, Prometric create a new one and send an email to remind candidates of their eligibility number.
- ❖ There will be candidate reminders on our website www.prometric.com/maryland/insurance

❖ New Candidates

- ❖ Education providers will submit eligibilities for both the 2-part and 1-part exams in September for candidates who pass their course.

Communication plan forward

- ❖ Communication via email specific regarding changes and eligibilities for the 2-part exam and 1-part exam
- ❖ Updates to MIA landing page:
<https://www.prometric.com/maryland/insurance> which includes:
 - ❖ Candidate Updates and Reminders
 - ❖ FAQs
 - ❖ License Information Bulletin
 - ❖ Content outlines to include new 1-part exam (2-part content outlines will remain available to candidates through October 13th, 2021)
 - ❖ October 14th - Remove any information related to 2-part exam, keep 1 part exam reminders
- ❖ Town Hall Meetings

NIPR and SBS role

- ❖ Verified 2-digit SBS code matches new exam titles for 1-part exam
- ❖ Confirm system updates in place to reflect 2-part exam end date and 1-part exam start date - this means results data for 2-part exam will cease after October 13th, 2021, and beginning October 21st, 2021, all LOA references will reflect new 1-part exam titles
- ❖ QC performed confirming new exam titles for 1-part exam were received and processed as required by both NIPR and SBS
- ❖ **Process for applying for license doesn't change**
