Introduction

This bulletin provides information about the examination and licensing process for obtaining a resident insurance license. You should read this Licensing Information Bulletin, including the examination content outlines, prior to taking an exam. If interested in applying for a nonresident license, you can apply online via NIPR at <https://www.nipr.com> an NIPR authorized business partner.

For non-reciprocal Title and Public Adjuster lines, this information below would be applicable to you. Please confirm if your state is included for the **Title** or **Public Adjuster** non-reciprocal list.

Overview of Licensing Process

Follow these main steps if you are interested in obtaining an insurance license.

- 1 Read the information** on the Maryland Insurance Administration's website for the type of license you desire to make sure you meet all the requirements.
<https://insurance.maryland.gov/Producer/Pages/default.aspx>
- 2 Review this bulletin** to determine which exam you need to pass, if any, for the type(s) of license you require. Prepare for your exam, using this bulletin and materials from other sources. The content outlines at the back of this guide are the basis for the exams.
- 3 Complete Pre-licensing education** through a Maryland-approved provider is required for applicants. Your education provider will provide your eligibility to Prometric upon successful completion of the course requirements.
- 4 Register and schedule your exam** after your provider has submitted your file to Prometric. Note, if Prometric does not have record of your course completion, you must contact your education provider.
- 5 Bring the required identification** to the appointment and take the exam. You will receive your results immediately after the exam.
- 6 You must pass the exam then** apply for your license at <https://www.nipr.com>
- 7 If you fail the exam, you must wait four (4) days before retaking that exam, and your eligibility must be reset.**

Note Passing an exam does not guarantee that you will receive a license. If you take an exam unnecessarily or are found unqualified, the exam fee will NOT be refunded.

Exam Fee Reimbursement Program

- Veterans who sit for certain Maryland insurance examinations can be reimbursed up to \$2,000 for each exam under the GI Bill.
 - The GI Bill education benefits are available through the U.S. Department of Veterans Affairs (VA).
 - Dependents of totally disabled veterans or veterans who died in service may also use this service under certain conditions.
 - Reimbursements are only paid directly to the veteran or other eligible person after submitting proof of payment.
- Other fees connected with obtaining a license such as insurance license application processing fees or costs for classes to prepare for the insurance licensing exams are not reimbursable under the GI Bill. Veterans can be reimbursed under the GI Bill® regardless of the number of insurance agent licensing exams they take or the number of times they take an exam.

These materials take different approaches, and you should choose one that meets your needs.

General recommendations. You may obtain recommendations for study materials and pre-licensing study courses from insurance companies, the company or agency you plan to work for, or local insurance and agents' associations.

Maintaining Your License

Licenses are responsible for complying with Maryland insurance laws and regulations, including but not limited to timely reporting changes of address and timely renewing insurance licenses.

Maryland law requires producers to notify the Administration of an address change within 30 days.

NIPR: National Insurance Producer Registry

You can use the NIPR's website, at www.nipr.com to report changes of email, address and telephone information at no charge.

License Renewal

A licensee may submit an application and renewal fee up to 90 days before the date the license expires. The licensee is solely responsible for renewing the license before its expiration. The Administration will send a renewal notice to the email address on file.

If the license expires, the licensee must cease acting under the license. For up to one year after the expiration of the license, an individual may reinstate their license by submitting an application, paying the renewal fee and an additional late fee through www.nipr.com. The producer must be in compliance with any continuing education requirements.

Insurance Continuing Education

Most licenses require 24 hours of continuing education, including 3 hours of ethics education every renewal period. For specific information regarding your license type, please visit the below website.

<https://insurance.maryland.gov/Producer/Pages/continuingeducation.aspx>

Resident individuals who only hold a limited-line credit license or travel do not have an insurance continuing education requirement.

Exam Content Outline

The outlines give an overview of the content of each of the Maryland insurance examinations. Each examination will include questions on the subjects contained in the outline. The percentages indicate the relative weight assigned to each section of the examination.

For example, 10 percent means that 10 questions will be drawn on a 100-question examination and 15 will be drawn on a 150-question examination.

You can access your outlines by going to the Prometric [website](#).
