Delaware Board of Cosmetology and Barbering Exams

The Candidate Handbook is intended to help you to prepare and to understand the processes and procedures for applying for licensure and for scheduling your examination(s). The Delaware Board of Cosmetology and Barbering (the “Board”) is responsible for licensing and regulating the profession of Cosmetology, Barber and related exams in the State of Delaware. The Board has contracted with Prometric/Iso-Quality Testing (IQT) to provide the administrative examination services. Any questions regarding your Licensing Application or eligibility status should be directed to the State Board office. The State Board will have the final authority to approve you to sit for an exam and the issuance of a license.

The Board, through Prometric/Iso-Quality Testing (IQT), will exclusively administer the National-Interstate Council of State Boards of Cosmetology (“NIC”) theory and practical examinations. For more information on the examination content outlines and references, go to www.nictesting.org. Copying or communicating the NIC examination content is strictly prohibited and is a violation of NIC security policy and State Law. Either one may result in the disqualification of examination results and may lead to legal action.

State Licensure Requirements

Candidates are especially encouraged to carefully review licensing requirements for testing PRIOR to scheduling their exams with Prometric/IQT. If testing is not required, fees are non-refundable.

Candidate Licensure Process Overview

1. Candidate reviews requirements for licensure found in the statutes and rules. The Board’s statutory authority is in **24 Del. C., Chapter 51** (<http://delcode.delaware.gov/title24/c051/index.shtml>) and rules are in **5100 Board of Cosmetology and Barbering** (<https://regulations.delaware.gov/AdminCode/title24/5100.shtml>)
2. Candidate reads application instructions and completes online application and documents at [DE Board of Cosmetology Application](#)
3. If application is complete and approved, Prometric approves candidate for testing. If application is missing information, Prometric notifies candidate via email of deficient information. Candidate submits all missing information to Prometric. Once all required documentation are provided and approved, Prometric approves candidate for testing.
4. Prometric/IQT e-mails applicable Authorization to Test Letter with a unique User ID and Password specific to the candidate, to schedule the exam.
5. Once appointment is scheduled, the admission letter populates on screen and is also emailed to the candidate. The printed admission letter and required identification must be presented at the testing center.
6. Candidate takes the exam.
7. Candidate received results via email.
8. Prometric sends the DE state board office with examination scores.
9. DE State Board issues license to candidate.

Exam Registration Process

The following information is critical during the application, scheduling and administration process. Please be certain the following required information is correct when completing the application to take your exam.

1. Candidate Name - The name which a candidate is registered and appears on the Candidate Admission Letter/Document, (first and last name), must match exactly to the first and last name on the government issued photo identification. Name differences **MUST** be resolved no later than five business days before the scheduled exam administration date, or the candidate will not be permitted to take their exam, will be considered a no-show and all fees will be forfeited. Under no circumstances will any name differences be resolved at the testing center on the day of the examination.
2. Candidate email address – The IQT secure exam delivery system requires that each candidate have a unique email address. This unique email address is used at various points and processes; from the point of application, preregistration, exam scheduling, candidate login at the point of administration, score reporting, etc. It is a critical requirement that all candidates at the point of preregistration are associated with a “unique” email address.
3. Mailing address – The candidate’s mailing address is referenced at various points throughout the exam delivery process, and assists in the identification of candidates.
4. Phone Number – The candidate’s current telephone number is very important to contact the candidate in the case of rescheduling, site closure due to inclement weather, etc.

Reschedule/Cancellation/No-Show Policies and Fees

Cancellation and Reschedule Policies

If it is less than (5) calendar days, you will not be allowed to cancel or reschedule your exam unless the following four situations have occurred:

- Jury Duty
- Death in the immediate family
- Military Deployment
- Sickness

The immediate family is defined as a person's grandparents, parents, spouses, siblings and children. If you experience any of the above, you **MUST** provide IQT with proper documentation before being rescheduled to a new date. Documentation must be submitted to IQT within 10 calendar days of your missed examination or it will not be considered for a reschedule.

If none of the above are the reason for wanting to reschedule or cancel your exam less than 5 days prior to your scheduled exam date, then you will not be allowed to reschedule or cancel your exam and if you do not show up, you will be considered a "No Show", your examination fees will be forfeited.

If it is more than five days and it is necessary to cancel or reschedule your exam, it is recommended that you log into your account.

- Go to www.IQTTesting.com
- Click "EXAM REGISTRATION"
- Enter your "UserID" and "Password" which is located on the "Authorization to Test" email
- Confirm the correct Organization and Exams are correct and click "next"
- Candidate Profile – Confirm all information is still correct and click "next"
- On the right hand side of the Registration page, click edit or cancel.

If you are within your reschedule window (as listed on your admission letter) and unable to reschedule online, please email us at SMT-OperationsTeam@prometric.com or call 866-773-1114. Please note, emails and voicemails are not acceptable methods of cancellation.

If you are unable to reschedule online, please email us at SMT-OperationsTeam@prometric.com or call 866-773-1114. Please note, emails and voicemails are not acceptable methods of cancellation.

No Show Policy

You will be considered a "No-Show", you will not be allowed to sit for your exam, examination fees will be forfeited, and you will be required to repay your exam fees prior to sitting for the exam under the following circumstances:

- Failure to arrive and check in for your examination at the scheduled time
- Do not cancel your appointment 5 days prior to the exam date (as listed on your admission letter)
- You do not provide proper valid non-expired identification as listed on your admission letter
- Do not have your admission document

Cancellation/Reschedule/No Show Fees

The cancellation, reschedule and no-show fees are outlined below. The deadline date is provided to you when scheduling your exam and is also listed on your admission letter.

Candidate Rescheduling/Cancellation with required notice - \$25.00

Without an approved excuse, which includes death of an immediate family member, active military orders, jury duty, or a doctor's excuse (on the medical facility letterhead), a candidate wishing to cancel or reschedule a scheduled examination five (5) or more calendar days prior to their scheduled examination date, excluding the date of the examination, the indicated fee will be charged.

Candidate Rescheduling/Cancellation without required noticed – Full Test Administration Fee

Candidates are not permitted to reschedule or cancel a scheduled examination less than five (5) calendar days prior to their scheduled examination, without an approved excuse. If a candidate fails to appear for their scheduled examination, comes to the test center without proper ID, and/or the proper admission letter, the candidate will forfeit the full applicable testing fee.

No Show Fee– Full Test Administration Fee

If a candidate fails to appear at the designated CBT testing location on their scheduled date and time, or is unable to sit for the examination due to their failure to adhere to established protocols, the candidate will forfeit the full applicable testing fee.

Candidate Testing Experience

The information outlined in the following sections relates to the process the candidates will experience when taking the theory and practical examination.

Reporting to the Test Center

- Report to the examination site on the date and time indicated on your admission letter.
- Registration begins 30 minutes prior to the scheduled examination time. Examinations begin promptly at the scheduled time. Please allow for unexpected delays on route to the testing location, it is your responsibility to report to the examination location on time. Late candidates will be required to re-apply and re-pay the examination fee.

Secure Candidate Check-in Process

At the point of check-in, the candidates' appearance and identity is documented and validated. The candidate must bring the following:

Theory Exams:

- Printed admission letter
- Valid ID as outlined in the admission letter and listed below

Practical Exams:

- Printed admission letter
- Valid ID as outlined in the admission letter and listed below
- Examination Supplies (if taking practical examination – see suggested supply list in the NIC Candidate Information Bulletin located at <https://www.prometric.com/test-takers/search/nicvt>)

! If you fail to bring these items, you will not be permitted to test and a rescheduling fee will be required. **NO EXCEPTIONS**

Candidates will need to follow the individual test center policies and procedures, which may include a security wand check. The following links provide information containing a detailed overview of what to expect during your upcoming visit to a Prometric test center, so that you will feel more prepared and more confident in your testing experience.

<https://www.prometric.com/test-takers/what-expect>

<https://www.prometric.com/test-center-security>

Identification Requirements

All candidates must present a valid, government-issued photo ID with a signature to be admitted to the exam. To be valid, the ID may not be expired, and the photo must match the candidate as well as the name in the Roster/Admission Letter.

Candidates must register for the exam with their LEGAL first and last name as it appears on their government issued identification. All required identification below must match the first and last name under which the candidate is registered. The candidate must present one form of non-expired, government-issued, photo- and signature-bearing ID in order to test. Photo and digital copies will not be accepted. If the candidate fails to bring proper identification or the candidate names do not match, the candidate will not be allowed to test, and their examination fee will not be refunded.

Acceptable forms of Primary include:

- driver's license
- state or government-issued ID
- passport
- military ID Card*

***Exception for all military ID cards:** Accept the military ID even if it does not hold a signature. A secondary form of ID is not necessary.

- ! Student ID and employment ID are NOT acceptable forms of Identification.
- ! If you fail to bring proper identification or your names do not match, you will not be permitted to test and a rescheduling fee will be required. **NO EXCEPTIONS**

Candidate Admission Letter

Every candidate must have a printed copy of their Admission Letter as previously noted.

Electronic copies that they may pull up on their phone or tablet not acceptable. It is the candidate's responsibility to be aware of the testing requirements found in the admission letter, prior to his/her arrival to the scheduled examination. The admission letter includes:

- Candidate's name, address and contact information
- Exam facilities location
- Scheduled date and time
- Prometric/IQT's policies on:
 - Changing candidates information
 - No shows and rescheduling
 - Valid form of identification
 - Inclement weather
 - Examination security
- Exam Registration receipt

Due to security issues, Prometric/IQT will not send the admission letter to any email other than the address listed on the candidate's account. It is the responsibility of the candidate to provide their admission letter on the day of testing. The Admission letter provides clear instructions on the Candidate's responsibilities. If a candidate forgets the letter, he/she will not be permitted to test.

Prohibited Items / Articles

Possession and/or access to the following items are strictly prohibited and will NOT be permitted in the testing room:

1. Wrist watches or any other type of time keeping device;
2. Electronic devices of any kind;

NIC Online Theory Practice Exam

The National Interstate Council of State Boards of Cosmetology (NIC) offers the following theory practice exams online for purchase:

- Cosmetology
- Esthetics
- Nail Technology

The practice exams provide candidates with questions related to the examination blueprint, to provide diagnostics of their performance (strong or weak) in the content areas. The practice exam is NOT designed to provide candidates with specific questions that will be on the NIC VT written exams.

Once purchased, you will access to this test for two complete weeks as of your purchase date. Once you have purchased the exam you will be provided a 5-minute introduction tutorial on how the system works. Note: Selecting the 'End This Exam' button prematurely will result in the end of your practice examination, and no refunds will be given. At the completion of your examination you will receive a diagnostic breakdown of your strong and weak areas.

Theory Candidate Testing Experience

The information outlined in the following section relates to the process the candidates will experience when taking their theory examination.

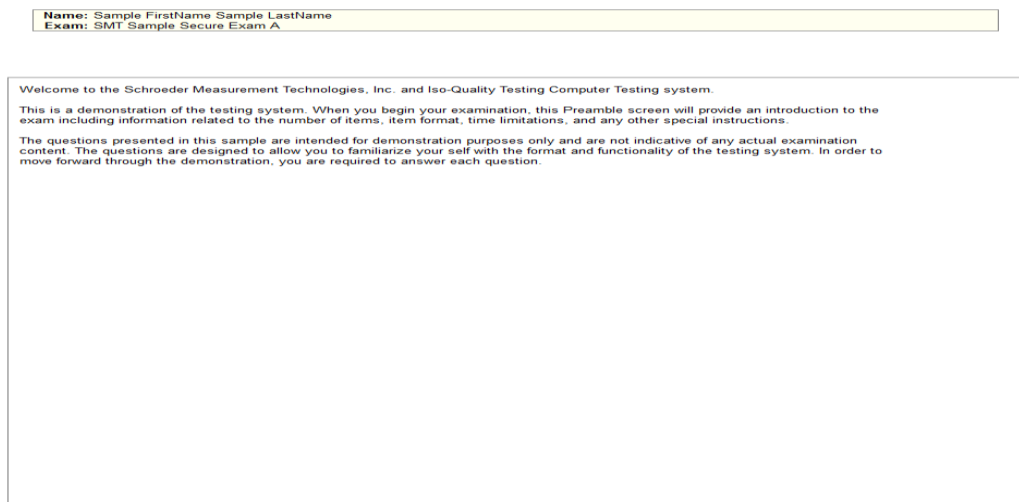

Demonstration (Sample) Exam

This section contains information regarding the candidate experience when taking the NIC written exam with Prometric/IQT. This provides candidates an understanding of all steps related to their experience and what they may encounter.

To take a demonstration test to experience how Prometric’s IQT computer-based test system works, please click here or go to:

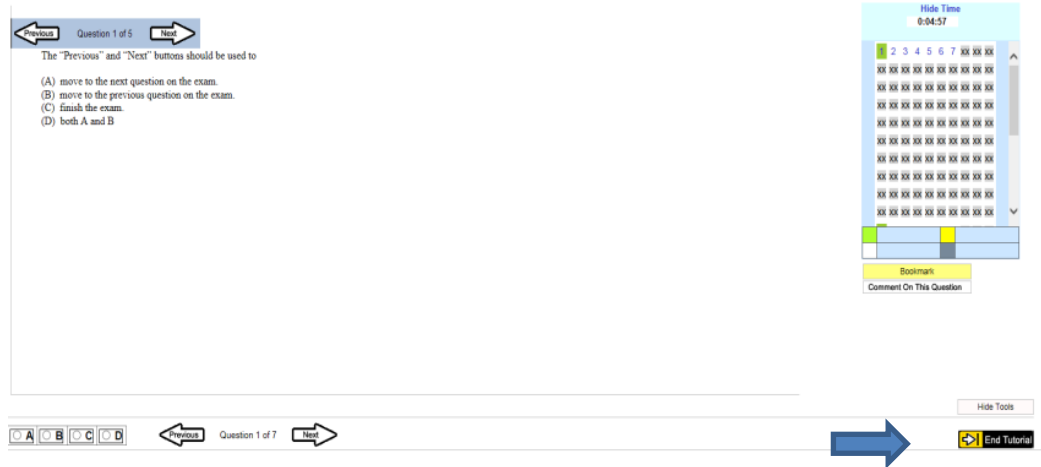

<https://www.iqttesting.com/ExamV2008/Default.aspx?Function=SampleExam&Exam=8>.

Once candidates are checked in and logged into their exam, the first screen will be the Preamble screen. This should be read by the candidate in its entirety, as it offers important information needed in preparation of the examination such as the length of the exam and the number of questions. The Preamble will change according to the exam the candidate is registered. Once the candidate understands the content in this section, he/she will click on “Begin Tutorial” on the lower left corner.

Begin Tutorial...

The tutorial will go over the functions of the examination with the same style and format of the actual exam as shown below. Candidates must demonstrate knowing how the system works by completing the tutorial. Each question must be answered correctly before moving to the next question; otherwise a red box will appear at the bottom left corner, stating the answer was incorrect. The candidates will get a total of 7 questions and 5 minutes to complete the tutorial, which does not affect the time of the actual exam. When candidates answer the last question, a notice will appear that he/she is on the last question. This is only to notify that all questions have been answered, thus not ending the exam. It is important to understand that candidates must be the ones to choose and click on the items. Once all questions are answered, the candidate will click on “End Tutorial”.

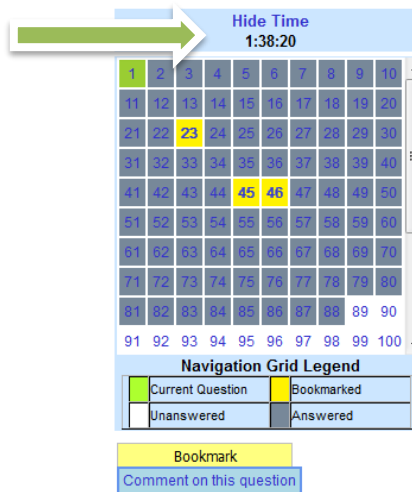

After the tutorial is complete, the candidate will begin their NIC written exam. During the exam the candidates will have the ability of skipping, bookmarking or commenting on any question:

- **Skipping** – A candidate may choose to leave a question unanswered and come back to it at the end of the exam. This can be achieved by clicking on another question on the navigation grid, or by clicking on the next arrow in the bottom left of the screen.
- **Bookmarking** – When a question is answered and the candidate is not completely certain and would like to come back to it, the question can be bookmarked.
 - Only a question that has been answered can be bookmarked, otherwise the question should be skipped.
- **Commenting** – This function provides the ability to comment on any question that presents irregularities identified by the candidate. All comments are reviewed by the credentialing organization in efforts to improve the exam.

The testing system was designed with the idea that internet interruptions may happen at any given time; as so, all responses, time, bookmarks and comments are saved as candidates answered them. If any interruption were to occur, the candidate’s exam would be reinstated to where they left off, before the interruption occurred.

The candidate will have a navigation grid on the right side of the screen. This will display the bookmarking and comment question options, as well as the time remaining in the exam. The candidate may navigate through the exam by clicking on the arrows on the lower left corner or by clicking on the question they choose to go to on the grid. If the candidate would like to hide the time, this can also be done on the navigation grid by clicking on “Hide Time” as shown below. The navigation grid will display:

- Current question in green
- Bookmarked questions in yellow
- Answered questions in gray
- Unanswered questions in white

When the candidate is finished with the exam, he/she can review all the questions by selecting them on the grid, if there is time remaining. If not, the candidate will get a notice that the candidate is out of time and it will end the exam. If the candidate is done before the time expires, they will receive a notification where they must assure that they would in fact like to end the exam. Once this is confirmed, the candidate will be prompted to the end of exam survey (optional) that will allow them to grade the experience in regards to the testing center and the actual exam as shown below.

Practical Candidate Testing Experience

The information outlined in the following sections relates to the process the candidates will experience when taking their practical examination. Please refer to the NIC Candidate Information Bulletins located at <https://www.prometric.com/test-takers/search/nicvt>

General Information

Dress Code:

The Vermont State Board of Barbers and Cosmetologist requires all candidates to dress professionally, as you would when you are working in a shop. Candidates are required to wear a lab coat and closed-toe shoes to the practical examination. You are not allowed to have your name, your school name, or a shop name on your professional attire or kit. Hair should be controlled (pulled back) and jewelry limited.

Candidates who fail to adhere to this dress code will not be admitted into the examination room and you will be considered a no-show. NO EXCEPTIONS

Exam Set-Up and Administration Information

The following is general set-up and administration information for all NIC Practical examinations:

Supplies:

Candidates are responsible for bringing all needed supplies for their examination and cannot borrow or use anything that they did not bring with them. A suggested supply list is included in the NIC Candidate Information Bulletin (CIB).

- Practical Exam Kits: Recommended kit size is no larger than 30” x 30”. For safety reasons all kits, trash bags, etc. must be able to fit completely under your work area.
- ALL containers and products should be clearly labeled.
- Aerosol products are NOT permitted. This includes disinfectant, Clippercide, toner, shaving cream etc.
- Disinfectant MUST have complete manufacturer’s label. Examiners MUST be able to read all information on the manufacturer’s label. Disinfectant MUST demonstrate bactericidal, fungicidal, and virucidal properties as explained in the CIBs and MUST be used.
- Hand Sanitizers must have a manufacture label and original product must be used. Any type of hand sanitizer is acceptable with the exception of those propelled by aerosols.
- Any bottle or container that contains a product MUST be CLEARLY labeled (cleanser, toner, waving lotion, water etc.). Any item that does not “contain” a product does not need to be labeled (e.g. cape, comb, hair clips, shears, etc.).
- Supply bags may have only the title of the exam area, and cannot list the supplies or steps to be demonstrated. This is considered cheating and will result in dismissal from the examination.
- Monomer must be low odor/less-odor and factory sealed in its original container with the manufacturer’s label. Polymer and primer must be in its original container with manufacturer’s label.
- First Aid Kit should be labeled as the First Aid Kit, not Blood Exposure Kit. Biohazard labels are no longer needed in the first aid kit.

Mannequins:

Mannequins are required for all practical examinations. Live models are not permitted.

- Candidates must bring one mannequin head for the practical examination and a table clamp. No more than two mannequin heads will be allowed into the examination. The mannequin’s hair must be brushed straight back prior to the thermal curling section of the examination. It is suggested that one mannequin be curled prior to the examination for the purpose of simulating

thermal curling with a cold iron. The mannequin's hair must be brushed straight back prior to the thermal curling section of the examination.

Mannequin heads that have been purchased pre-sectioned indicating the sections by various colors and/or notches are NOT allowed during any part of the practical examination. Candidates that bring a marked mannequin head to the examination will be informed that they are not permitted and cannot be used.

- **Nail Services** - A mannequin hand is required for all nail services. Prior to reporting to the examination candidates MUST apply a nail to each finger. The artificial nail must cover the entire nail bed of each finger. Mannequin hands must be an entire hand and cannot have removable digits. Hands with digital fingers (trainer hands) are NOT permitted during the examinations. If you are unable to use a mannequin hand, you will not receive credit for this section. Mannequin heads and hands must be approved by the examination provider prior to admittance into examination.

Exam Administration:

- NO conversing or any other form of communication among candidates is permitted, once you enter the examination area.
- Eating, drinking and smoking in the testing center is prohibited.
- Candidates are not allowed to exit the building during the examination.
- Stop and listen when instructions are given.
- During all phases of the examination, candidates MUST follow all appropriate public protection and infection control procedures and maintain a safe work area. If a candidate does not follow infection control procedures or allows the work area to become and remain unsafe, the result may be a failing score for the examination.
- Proper disinfection of the entire work area MUST be performed before placing supplies on the work area. When setting up for a “new client”, disinfect the work area, move the universal/general supplies to disinfect where they were placed previously, and then wipe the bottom of the universal supplies with disinfectant and place them back on the disinfected area and then disinfect the remainder of the work area. This is done in the same manner as it is done when disinfecting for a new client in the salon.
- The practical examinations require separate bags or containers and should be set up first when beginning to set up the work area. They MUST be labeled as follows:
 - ❖ Items to be Disinfected
 - ❖ Soiled Linens
 - ❖ Trash
- Hands MUST be sanitized before removing gloves from the bag. Unless hands have become contaminated, hands do not need to be sanitized before putting on gloves as it is not necessary and makes it very difficult to get the gloves on.
- Paper towels may be set up on the work area as a Universal Supply. Cloth towels should be in a closed container.

- A flat bottom bag (paper grocery bag, gift bag, etc.) may be used for “items to be disinfected, soiled linens and trash” and placed on the floor, under the work area and clearly labeled. It is best to line paper bags with garbage bags or plastic so liquids do not leak out. NIC discourages candidates from taping bags to the work area because it is unsanitary. The bags or containers on the floor must be open during the examination so that items may be dropped as appropriate into each bag. Bags or containers **MUST** be kept under the work area and cannot be placed in the walking areas. If placing a container with “Items to be Disinfected” on the work area, it **MUST** have a cover.
- Products or simulated products **MUST** be removed from containers using infection control procedures in a manner that is appropriate for a product that would be used for a future client. This is the case regardless of the size of the container, even if it is a “disposable” cup with a cover, it **MUST** be treated as if the product is being removed from a full size container. There are no single use items used in the exam. Everything is considered backbar.
- Items dropped or spilled on the floor **MUST** be picked/cleaned up **IMMEDIATELY** and discarded in appropriate container. If it is an implement that only one was required, it may be wiped with disinfected, (e.g. shears, razor etc.) and continue to be used. Anything dropped or spilled and left on the floor is a safety hazard and may cause a candidate to fail the remaining tasks in that section of the exam.
- Nothing can go back into the kit during the examination. This includes extra supplies that were not used. Once anything is placed on the work area, it is considered supplies for that candidate. If switching mannequin heads, the mannequin head may be placed on the floor next to the kit or on top of the kit.
- Soiled items or used bags should always be placed in the “trash”.
- Blood exposure **MUST** be demonstrated using the supplies in the first aid kit that is on the work area and is part of the universal supplies. Bring enough blood exposure supplies in the first aid kit to perform a blood exposure procedure in the event a cut is sustained and also enough to demonstrate the blood exposure procedure.

Visitors

Candidates are not allowed to receive any kind of visitors or receive messages during the examinations, under any circumstances. People who are not scheduled for an examination are not permitted inside of the building where the exams are administered. If another person (parent, spouse, teacher etc.) is bringing you to your exam, you must be dropped off and they can return to pick you up. The approximate amount of time for each exam is indicated on your admission letter. Your driver should wait in their vehicle until you are done and have exited the building.

Candidates Needing ADA Accommodations

Reasonable accommodations as covered under the Americans with Disabilities Act (ADA) shall be addressed by the Board with guidance from the individual’s education plan. The Board shall qualify ADA candidates.

All Delaware Cosmetology candidates requiring ADA accommodations must be processed through the specific Delaware ADA process. All ADA documentation must be submitted through the application process and approved by Prometric prior to the candidate being preregistered for their exam.

Examination Site Closing For Emergencies

In the event that an emergency forces the closure of an examination site on the day of your examination, your exam will be rescheduled at no cost to you. We will make every effort to contact you, or you may email us at SMT-OperationsTeam@prometric.com or call 866-773-1114.
